

7 Questions to Ask When Your Doctor Prescribes a New Medication

1. What is the name of the medication?
2. How often should I take it?
3. Why is it being prescribed?
4. Is it replacing a medication I am currently taking?
5. Will it interact or affect other medications I am taking?
6. When can I expect to see results?
7. What are the possible side effects & what should I do if they happen?

Do you have a loved one who could benefit from having medication reminders throughout the day? **We can help.**

Our Care Plans focus on the individual needs of the client and can include: light housekeeping, assistance with ADL's, household management, shopping, meal preparation, proper nutrition, exercise, safety in the home, infection/air quality control maintenance, smoking cessation, medication reminders, pain/stress management techniques.

Let us customize a care plan that fits you or your loved one's needs. Call for a free assessment at **847-548-1330**.
